Limey is lime juice minus the ingredients that deteriorate, with modern techniques we extract from the juice the oxidant components in this way we extend its self life without adding preservatives. The organoleptic characteristics remain stable without the need of fridge or refrigerator.

For **Limey** we use only the juice of the lime without the peel or flesh of the fruit.

Each purée is crafted through the careful and rigorous selection of fruits, spices, herbs, and other raw ingredients. Whenever possible, we source directly from trusted Greek producers to ensure authenticity and exceptional quality.

Frou Frou fruit purées stand apart by using natural fructose, never exceeding 20%. This gentle formulation enhances shelf life while preserving the fruit's true character-without the need for freezing.

FOAMER

Innovation meets creativity with Foamer Agent, the alcohol-free solution designed to elevate your cocktails.

With just 4 drops in the shaker, it produces a smooth, stable, and lasting foam in any cocktail without altering the drink's original flavor. Perfect for bartenders and mixologists, Foamer Agent adds an extra layer of texture and visual appeal, while serving as the ideal substitute for egg white or albumin in cocktail recipes.

Bring consistency, convenience, and artistry to every creation with Foamer Agent.

FIRE STARTER

Ignite your cocktails with Fire Starter a bold creation made from carefully selected peppers.

Just a few drops are enough to add an intensely hot and fiery kick, transforming any cocktail into an unforgettable experience.

Unleash the heat, awaken the senses, and set your creations apart with Fire Starter.
